

Township of Norwich, Fire Station # 1 – Otterville

The Township of Norwich is seeking a General Contracting Company to carry out the construction of a new fire station located in the Village of Otterville, in accordance with the requirements listed in the Tender documents.

The work involves the construction of a new pre-engineered building that accommodates storage for fire trucks and a 2-storey portion that incorporates the administrative block. The project will also require the construction of a septic system and storm water pond.

Tender packages may be obtained from the office of G. Douglas Vallee Limited, Consulting Engineers, Architects & Planners at 2 Talbot Street North, Simcoe, Ontario N3Y 3W4 for a non-refundable fee of \$150.00.

Tender Documents Available: Monday, November 9, 2009 at 2:00 pm

Bid documents must be submitted to:

G. Douglas Vallee Limited
Consulting Engineers, Architects & Planners
2 Talbot Street North
Simcoe, Ontario N3Y 3W4

Before 1:00 p.m. local time on Friday, November 20, 2009

A completed and signed Form of Tender including all statements, declarations, mandatory separate prices, mandatory alternatives, unit prices and any proposed alternatives are to be received on the printed forms provided. Refer to Division 1: GENERAL REQUIREMENTS FOR TOWNSHIP OF NORWICH FIRE STATION # 1, Otterville, Ontario in the Specification Documents for further submission requirements.

The lowest or any bid submission not necessarily accepted.
